State of Race Memo

Josh Turek has walked into a trap - his strategic mistake should be further exploited.

Iowans need to know more about how Josh Turek is too liberal for Iowa. How liberal? Josh Turek voted to allow public school employees to help kids change their genders at school and keep it hidden from parents. Turek even voted to allow taxpayer funded sex change surgeries. Iowans should also continue to be reminded that Turek supported welfare benefits for illegals, wants to allow them to vote in our elections, and helped protect criminal illegals from deportation. All of this shows that Josh Turek is just way too liberal for Iowa.

The sooner Iowans learn of this liberal message - asap - the faster they can take these facts into consideration.
